Peace

is Indivisible

Maxim Lituinou

By the grace of God,

I am what I am.

Live and let live.

What is man, that thou art mindful

of him?

Let us be happy

while we are young.

The man who makes no mistakes does not usually make

anything.

Where there is

no vision, the people perish.

Flowers for Algernon

This is a different kind of play, with a different type of staging. The play is romantic, funny and tragic, almost painfully so, but yet there is hope for the "not to be conquered" spirit of man. The play is performed in the theatre-in-the-round style. The roles are all unusual and challenging, as it should be for advanced acting students, and the role of Charlie is an actor's dream that won Cliff Robertson the Academy Award for his performance in the distinguished film version "charlie."

Graduation

Turner High School Commencement Exercises

Memorial Hall

Kansas City, Kansas

May 22, 1974 7:30 p.m.

Graduation is a special, important time for each Senior. Special because each Senior is graduating with memories of his school years and is wondering about his future with some apprehension. Special to each parent because he has waited patiently so long for this day. Perhaps a Senior does not realize how a parent feels about Graduation Day. Just remember this, a parent running down to the platform, camera in hand, to take pictures of his graduating Senior; that is how special. Parents feel Graduation is important, a Senior has culminated twelve years of education, experiences, and preparations to be ready and waiting for a good future.

David Spence is one of 1300 finalists in the Merit Scholarship race.
